PERSONAL PROJECTS

CORONA TRACKER (IONIC PWA) | IONIC, NODEJS, ANGULAR <https://my-corona-tracker.web.app/>
Created Corona Tracker in ionic as PWA and Api in Node js, and hosted api on Heroku.

IMAGE COMPRESSOR | REACTJS, HTML5, CSS3 <https://my-image-compressor.web.app/>
To compress image size and save the space in your machine. We can also use this compressed images in our website to reduce load time

TINO IQ | IONIC, ANGULAR, HTML5, CSS3
<https://play.google.com/store/apps/details?id=com.ionicframework.tino163709>
I got this project from upwork as a freelancer. My main role of this project to convert whole app from Ionic 2 to Ionic 5

QR BRACODE SCANNER (IONIC PWA) | IONIC, HTML5, CSS3
<https://my-qr-barcode-scanner.web.app/>
Sometimes we dont need whole app to be installed in our mobile, so I have created QR Barcode Scanner as a Web app

TODO LIST | REACT, HTML5, CSS3 <https://punitsonime.github.io/react-todo-list/>
Maintain a Todos so we can not forget things
